To: Mr. J. R. Curry
Chief of Police

November 29, 1963

Subject:

At 3:35 p.m. November 29, 1963, I received a call from a man who gave the name, J. P. Kavanaugh. He was calling from Windsor, Ontario. He stated, "I am leaving Windsor and will arrive in Dallas at a quarter to 12 tonight. We're going to kill Ruby, he's a blank Communist. We'll take care of him."

At this point in the conversation the operator disconnected me with Mr. Kavanaugh and stated that she would allow me to talk to the Supervisor in Toll, Mrs. Brown.

I talked to Mrs. Brown, who could tell me only that the call was placed by a Mr. J. P. Kavanaugh from a pay telephone in Windsor and that he had asked that the call be billed to a private number. The operator checked and the person at that number stated that they would not accept charges on the call. Mrs. Brown further stated that before she would release any more information to me, she would have to consult with one of the managers of the telephone exchange. She said she would call back within 10 to 15 minutes - this was at 3:37 p.m.

Nation Police Department - please forward to your newspapers.

This is a copy of my letter to the Saturday Evening Post. I doubt that they will publish it so I'm forwarding it on to you for publication -

Your recent editorial "The Shame of Dallas, Texas" should be followed by another "The Shame of The Saturday Evening Post" for I have never read such a hate filled, hate inspiring editorial in a so called reputable magazine. How could any responsible citizen take the attitude you have taken? Dallas is in no way - and I repeat no way - responsible for the assassination of John F. Kennedy. My 12 year old daughter has a more sensible, healthy, hateless attitude than yours - for her response to another 12 year olds attack on the city of Dallas was "I hate the man who killed Kennedy - didn't you know a Communist killed our President and it could have happened in Bismarck or any other city!" The uncluttered thinking of a child produced this clear cut, precise, basic truth that so many, including the S & P, have intentionally or otherwise, ignored. Dallas is a beautiful, lovely city and so are her citizens; they are good, loyal Americans and my hat goes off to that city and my heart aches for the ugly slander that is being heaped upon these fellow Americans.

As for the Dallas Police Force, the above also holds true. For who among us knows the pressures that must have been brought to bear by the all powerful Press and TV? No one was criticizing the Police Force for allowing TV - Press coverage before the Oswald assassination - in fact we were grateful to the law enforcement officers for allowing us, the viewers, to follow the events during those tragic hours. If they had forbidden the news media access who would have screamed the loudest about freedom of the press etc. etc. ad nauseum - you guessed it - the TV and Press!

It must be nice to be as almighty as the S & P and
be able to accuse Sellers, unjustly, before millions
and the accused has no comparable course to respond.
You speak of Texas "justice" - I can't find words to
describe this mistaken S & P conception of "justice".
It is too despicable and unfair.

Sincerely,
Marcia Boulton

This report will try to prove that the assassination of President Kennedy could have been prevented if Oswald had had psychiatric help and security during childhood and later years.

To complete this project, I need more information than I have obtained from newspapers and magazines. I cannot wait for a complete report of the assassination to be published because my report is due soon. If it would be possible could you please send me the following information?

1. Life history of Oswald - especially as a child.
2. Information about Oswald's family.
3. Communist activities here and in Russia.
4. Why do you think Oswald killed the President?
5. Opinions from Psychiatrists about Oswald's mental world. Was he a paranoiac?
6. Your personal opinion of Oswald - His personality, weaknesses and actions and attitude after the crime.

We were very astonished when we heard the horrifying news about President Kennedy. From what we heard he was a very good leader. We are very much confused about what happened. We would appreciate it if you would send us a brief letter containing the most important facts. We are both in sixth grade and very interested in what happened, because someday this event will be what is known as world history. Thank you very much.

Dear Sir:

I am a student at the University of Wisconsin-Milwaukee. I have been assigned to write a documented paper which defines "freedom of the press" in my English course, English 101. In the paper, I must define "freedom of the press" and apply the definition to the assassination of the late President John F. Kennedy and his alleged assassin, Lee Oswald.

I would appreciate your time and effort to complete the enclosed questionnaire. I am enclosing a stamped self-addressed envelope for your quickest reply. I will mail a copy of the paper to you upon completion.

Thank you.

1. Did the police department have any set rules before the assassination as to the area of the police department where the press was allowed? If so, where (eg. special pressroom, etc.)? Where were the restricted areas for the press in this case (eg. certain floors of the city hall, police-tunnel garage, etc.)?

CHARLES COKAIN

2. Did the newsmen press the police department for facts during the period Nov. 22-25? How did the police department handle the reporters? What estimate would you give as to the number of newsmen present in the city hall during this same period? How many news conferences did you hold during this period? At these conferences, did the police department give out any information or indications of what was gathered from Oswald's questioning?

CHARLES COKAIN

1123 South 111 Street

3. Is it a fact that the transfer of Lee Oswald was changed to Sunday morning (Nov. 24) from Saturday night (Nov. 23) because of requests by newsmen? If so, why did they request the transfer on Sunday morning? If not, was it true that the police department was intending to transfer Oswald Sat. night and changed plans to make the transfer Sunday morning?

CHARLES COKAIN

1123 South 111 Street

4. Have any new procedures been set or designed for the future in handling newsmen in Dallas? Do you feel that, if the newsmen were not allowed in the tunnel-garage while the transfer was being made, a basic freedom, freedom of the press, would have been lost? Answer this question only if the press had something to do with the re-schedule of the transfer from Saturday night to Sunday morning.

Dear Sir:

When the unfortunate incidents of the 22nd and 24th of November occurred, I must admit that I too was enraged and horrified, and was inclined to blame ineffective local security measures for the tragedies resulting in the violent deaths of three fellow Americans. Since then I have come to my senses and want to remedy my suspicions, which were grounded on sheer ignorance of the situation, with insight.

This may seem irregular, and in truth, I do not know if it is possible, but I would like to have a transcript of the trial of Jack Ruby when the case reaches the courts, and would sincerely appreciate learning all I can about the investigation of Lee Oswald. If necessary, I will send enough postage to cover the cost of mailing the material. I want to accept responsibility in my government, the responsibility of knowing before forming a judgment; I feel this is the only possible way I can accomplish it. Thank you for any information you may be able to send me.

papers some details about Oswald, such as what was his bus, or job, in that Bld. from which the shots were fired? + when he arrived there, or was he there all the night before? + if any occupant of the Bld. saw him come in or out also as to lunch leavings of chicken etc. was there an autopsy taken of his stomach, + finger prints in the room.?

I may be a bit inquisitive, but I think these things should be accounted for + told. Of course finger prints on gun was taken. Did He have an auto? + ^{if so} was it at the theatre, + was motor warm, as apparently He had just arrived there, + does the ticket seller + usher remember seeing him, + time of his arriving at theatre, etc etc.

I was looking at a Toronto, Can. paper, + it gave more details + pictures, I have yet seen in any of our papers. It seems they are more particular etc. about crimes, esp. our terrible disaster (I'm from Mass.)

I would appreciate more from you or a Dallas paper. Thanks

Dear Miss Pallas:

I think that no one person is going to be able to answer the question you posed in your letter of April 10, 1964.

At the present time, as prior to the assassination of President Kennedy, Dallas has as many images as there are persons viewing. There are undoubtedly some persons who have a low opinion of Dallas because of the events that occurred here, but I suspect many others realize that the assassination of the President was the work of an individual and not the work of a city. I suspect that in the minds of many the image of Dallas has not suffered because of the regrettable tragedy that occurred here.
